

Christmas 2021

Dear Family and Friends,

You are all in our thoughts and prayers this holiday season. The Covid Pandemic continues to effect us all in many ways, but our family has remained close. We've lost several more friends and family members this year. And since so many have lost their health recently, we have decided its even more important to travel and take advantage of opportunities to spend time with family and friends while we can.

Jance, Autumn, and their family are all doing great. They adopted a new puppy recently after the loss of their beloved Chewie. All five grand-kids are growing and healthy ... McKenna (24), Caden (22), Josh (19), Conner (17), and Hunter (15).

Grant and Sarah are busy with work and trying to keep up with their two boys, Lex (14) and Ian (11), who are growing taller and still enjoying on-line school.

Brad still enjoys hiking and disc golf, and Jess is completing her Masters degree ... both working full-time and raising Luke (13) and Miles (10), and their dog Koda.

We are so grateful that our sons and daughters-in-law are such great parents.

John is still working, golfing, and cheering on his favorite sports teams. He has been able to attend several Steelers games, and continues to be hopeful about the season.

My health has returned and I'm able to do all the things again that I love! Spending time with loved ones, quilting, and currently trying my hand at helping an Amaryllis bloom. This is a tradition of my Mother, and all seven of my siblings and I are trying to carry it on.

We send our love and very best wishes this holiday. Like we always say ... we are VERY fortunate, and the Christmas season is a great time to express gratitude for our wonderful families and friends. We love you and we'd like to hear from all of you!

Merry Christmas and Happy New Year to all!
