

Christmas 2020

Dear Family and Friends,

This Holiday Season has come with a deeper understanding of the tender mercies of our Savior Jesus Christ. In June, I was diagnosed with breast cancer and underwent two surgeries ... one in July and then one in September. I have had many nights that I could not have gotten through without prayer and the comfort of the Holy Ghost. Fortunately, I am now on the road to recovery. John has been so good to take care of me, and I can't say enough about the kindness he has shown me and all of the effort and work he has done. In many ways we were blessed that he was working from home because of this pandemic. I'm also grateful for the family and friends who have reached out to me during this trial. Your prayers and uplifting messages have meant so much to me.

The covid pandemic has effected us all in many ways, but our family has remained close through countless phone calls and Zoom meetings. I lost three cousins this year and count my remaining family as all the more precious.

Jance, Autumn, and their family are doing great. All five of their children, McKenna, Caden, Josh, Conner, and Hunter, are happy and healthy.

Grant and Sarah are busy with work and keeping up with their two boys, Lex and Ian, who are growing like weeds and enjoying on-line school.

Brad and Jess are also kept very busy ... both working full-time and supervising the on-line schooling of Luke and Miles.

We are so grateful that our sons and daughters-in-law are such wonderful parents.

John is still working, golfing, and cheering on his favorite sports teams. Unfortunately he has not been able to attend any Steelers games, but is extremely happy with their season. I'm slowly beginning to return to doing the things I enjoy.

We send our love and very best wishes this holiday. Like we always say ... we are VERY fortunate, and the Christmas season is a great time to express gratitude for our wonderful families and friends. We love you and we'd like to hear from all of you!

Merry Christmas and Happy New Year to all!
