

Christmas 2025

Dear Family and Friends,

We send you our love and friendship this Holiday Season.

John and I spent Thanksgiving in Portland this year with John's sister, Jane, and her husband, Don. We had a wonderful time hanging out with their family (Anne, Nick, Annikin, and Liz) and eating great food!

Jance, Autumn, and their family (McKenna, Caden, Josh, Connor, and Hunter) continue to thrive. Jance has taken a job here in Utah and, after living in Sacramento for 24 years, they are moving home. I am thrilled! Their whole family is going to Ireland right after Christmas where Hunter will be playing the tuba in the New Year's Day Festival Parade in Dublin. Caden and his wife, Kara, are expecting a baby girl in April ... we will officially be Great-Grandparents!

Grant, Sarah, and their boys (Lex and Ian) have moved to the South Island of New Zealand. They are living in Timaru which is close to Grant's job. A little cooler in temperature, but still very beautiful! They love the home they are renting near the ocean and are making new friends.

Brad, Jess, and their boys (Luke and Miles) are very active and love traveling together. They spent Thanksgiving in Hawaii and had a great time snorkeling, going on excursions, and eating! Luke will be studying engineering at the University of Utah next year, and Miles enjoys his Civil Air Patrol activity.

We are so grateful that our sons and daughters-in-law are such great parents. We appreciate them so much for all the love, hard work, and thought they put into raising our grandchildren.

John is still working a bit, golfing, and cheering on his favorite sports teams. He continues to attend Steelers games with his sister, Jane, and is most excited about Lehigh University, his alma mater, going to the FCS playoffs!

We had a great trip this summer to Mt. Rushmore, Badlands National Park, the Little Bighorn Battlefield, the Crazy Horse Memorial, and riding the "1880 Train". Highly recommended!

I'm so grateful to be able to enjoy my life right now ... spending time with family and friends, traveling with John, and quilting.

We send our love and very best wishes to each one of you this Holiday Season. Like we always say ... we are VERY fortunate, and the Christmas Season is a great time to express gratitude for our wonderful family and great friends. We'd love to hear from all of you!

Merry Christmas and Happy New Year!
